SUPPLEMENTARY INFORMATION:

Title: Pecans Grown in Multiple States, Marketing Order No. 986.

OMB Number: 0581-0291.

Expiration Date of Approval: December 31, 2022

Type of Request: Extension and revision of a currently approved information collection.

Abstract: Marketing order programs provide an opportunity for producers of fresh fruits, vegetables, and specialty crops, in a specified production area, to work together to solve marketing problems that cannot be solved individually. Marketing order regulations help ensure adequate supplies of high-quality product and adequate returns to producers. Marketing orders are authorized by the Agricultural Marketing Agreement Act of 1937 (Act), as amended (7 U.S.C. 601-674). The Secretary of Agriculture oversees these operations and issues regulations recommended by a committee of representatives from the respective commodity industry.

The purpose of this notice is to solicit public comments on the 14 forms in this OMB package which are described below. Two ballot forms for committee nominations (SC-307 and SC-308), two grower and sheller nomination forms (SC-309 and SC-310) as

well as two background and acceptance statements forms for growers and shellers and public members (SC-8 and SC-9) and a grower referendum ballot (SC-313). Two Marketing Agreements (SC-242 and SC-242A) are also included. In addition, this package includes five reporting forms the American Pecan Council uses to track shipments and inventory. The Summary Report/ U.S. Pecans Received for Your Account (Form 1); Pecans Purchased Outside of the United States (Form 2); Exports by Country of Destination (Form 3); Annual Agreement of Inter-Handler Transfer (Form 4); and Year-End Inventory Report(Form 5). The number of producers has changed from 2,500 to 4,380 since the last renewal. Now that the marketing order has been in place for a few years, the industry has a better understanding of the actual numbers of producers in the industry.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.3 hours per response (rounded).

Respondents: Pecan producers, handlers, shellers and public members.

Estimated Number of Respondents: 4,512

Estimated Total Annual of Responses: 5,225

Estimated Number of Responses per Respondent: 1.2 (rounded)

Estimated Total Annual Burden on Respondents: 1,587 (rounded)

Comments are invited on: (1) Whether the proposed collection of the information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate

automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Erin Morris,

Associate Administrator,

Agricultural Marketing Service.
